

The Hardcore Facts:

Over 500,000 children in our Nation are without permanent homes. About 4,000 in the DFW area! 1,100 of these children in DFW are legally waiting to be adopted, waiting to step into a place they can call home.

Whose children are these? They did nothing wrong, never asked to be placed in this system called foster care, but now are left without permanent homes, over 60% of which are not even placed in the same county of origin.

It is time for Change!

Change for Today & Tomorrow (C4t²) is the Dallas Fort-Worth (including the 19 surrounding counties) Youth Action Group consisting of current and former foster youth ages 14 – aged out. By using creative means, C4t² combines youth, foster parents, community members, and others to accomplish what most think cannot be done. Combining voices in harmony, recruitment of foster parents, legislation, education, and breaking down barriers will be only the start of C4t²'s missions.

TOGETHER we CAN make a difference!
